DARFUR - you can make a real difference, but please do it now!

THESE ARE THE FORGOTTEN CHILDREN OF DARFUR

HEALTH and WEALTH in Darfur is a goat, a donkey, a blanket because in Darfur a very little goes a long way

It is our policy to provide everything for which you have donated as described. In the unlikely event that an item is over subscribed or unavailable, we will replace it with something similar and equally vital.

WE DON'T BELIEVE IN CHARITY, WE BELIEVE IN HELPING PEOPLE TO HELP THEMSELVES

SMALL CHANGE EQUALS BIG CHANGES

Beyond the vast camps across the endless scrub and sand, out of sight, there are families struggling to survive in remote villages. Life is indescribably hard; endless toil under a relentless sun. There is no help now in villages for mothers struggling to feed their children. When there is no rain, there is no food. There is no health care in villages; no veterinary care for animals. Survival depends on water from wells dug by hand. Ground water seeps slowly in, drop by drop, full of grit and sand. This is the water children drink. Nothing is wasted. Even this underground water dries up in the hottest months - and then there is the long walk to find more.

But something can be done to change people's lives - even now.

THERE ARE 51 KIDS FOR KIDS VILLAGES WHERE CHILDREN ARE THRIVING.

There is goat's milk to drink, a handpump, a donkey to carry water, a midwife to save lives, blankets for the children, and mosquito nets. Mothers have choices because they now have a livelihood.

We need urgent help to do more. You can buy a goat, a handpump, adopt a village, and much more! You can make a real, lasting, life changing difference to a child. Please do it now!

EVERY SINGLE POUND COUNTS!
