

KIDS FOR KIDS Candlelit Christmas Concert

Thursday 5th December, 7pm

We are pleased to announce that this year's Kids for Kids Candlelit Christmas Concert will be hosted by none other than the Absolutely Fabulous Joanna Lumley OBE – Patron of Kids for Kids!

Please join us for an evening of Christmas tales, carols and live music in the heart of Belgravia. Joining Joanna, we will welcome Celebrity Guest Readers Miriam Margolyes OBE, Barry Cryer OBE, Timothy West CBE and The Lord Cope of Berkeley PC. World class soprano Natalie Rushdie will join us for the evening as well! Natalie has seen sold out shows at Wembley Stadium, Royal Albert Hall, and the London Coliseum.

Also joining us for our Concert we have the choirs of Queen's Gate School, one of the first all girls' schools in London founded in 1891, who's angelic voices will enchant us, whilst the lights of hundreds of candles usher in the Christmas season. Always a favourite, Thames Fanfare Brass will raise the roof under the charismatic leadership of Roy Billham. The evening ends with mulled wine and mince pies – what else?!

We are grateful to our wonderful celebrities and supporters who will come together this Christmas

Season in an effort to raise much needed funds for Kids for Kids, virtually the only organisation helping the forgotten children in the rural villages of Darfur, Sudan. This year, our concert is raising funds to plant trees in Darfur, a region at the forefront of Global Warming. The desert is creeping south at a rate of three miles a year. By planting trees, we can reforest and stabilise the Desert, give fruit to hungry children and provide shade from the hot desert sun. Any aid we give will be lost unless we address global warming, which we have been doing for the past decade.

To date, Kids for Kids has adopted 100 villages, transforming the lives of over 550,000 people. By introducing an integrated package of sustainable grassroots projects identified by the villagers themselves as things they are in need of most, we are helping people out of poverty long term. Projects range from our key project, a goat loan scheme, to training midwives and first aid workers, planting sustainable forests and fruit trees, to installing water pumps in villages so they have clean, fresh water, to building kindergartens. ■
